Rodney read the financial report and it was approved as read. Taxes for the next year are paid!!!!

### Old business

The only old business discussed last meeting was the nominating committee. This committee consists of Ralpho and Earl Seaholm. If anyone is interested in running for offices please contact them

### New business

Ann Stimers from the RC Club in Spokane, Washington visited BFM. She was impressed with our site. She informed us she would like to do an ALES event. Their club is electric only. They like to travel and have gone to Helena. She can't find a president for their club and this brought some laughs as we are also looking for one. If anyone has any interest Ann and their club can be reached at:

IEQF.org also at [meetup.com/rc-13](http://meetup.com/rc-13)

### REMINDER!!

It's time to get renewals done. You need to be current to vote for officers at the meeting. All members please check your information on the website for accuracy and corrections.

Ed brought the space heater out to the field for use in heating the flying house (winter, early spring flying). Take your gas, hook up, turn it to the left and hold down to light the pilot. Once the pilot light is lit, relax the switch, let the heating elements warm with the pilot for a bit. Then adjust either high, med or low. I like to get the low element hot for a minute or so before I switch it to med or high. I have heated a three car garage with it, should start to warm it up in 20 minutes or so. Enjoy the crisp winter sky!

### Reports

Ed's races will be scheduled for June 6, 7, 8. The classes will be E F-1, 424 and 426. Ed will get the dates to be published in AMA's Model Aviation.

The annual Fly in Dates will be June 20, 21, 22 - which is the traditional weekend.

The nominating committee has nominated the following people for the following positions.

Ralpho-President  
George Goforth-Vice President  
Dave Harper-Secretary  
Rodney Broderson- Treasurer
